

# Expert biography

## Jennifer Benson

Independent Speech and Language Therapist specialising in MND

Jennifer has over 20 years' experience gained working both in the NHS and private sector.

Jennifer has a particular interest in voice banking and set up the first service in the country to offer voice banking to all newly diagnosed patients with MND. She was instrumental in developing the RCSLT information on voice banking and has also presented both nationally and internationally on this topic.

Recently Jennifer has worked closely with the MND Association on a number of projects, including development of the AHP competency framework for Speech and Language Therapists working in progressive neurological conditions.

### Areas of specific interest:

Voice banking
