

Expert biography

Rosie Bamber

Specialist Neuro Occupational Therapist and
Doctoral Fellow

University of Sheffield and Sheffield MND Care and
Research Centre

Rosie qualified as an Occupational Therapist in 2017 and completed her MSc in Clinical Neuroscience in 2023. Rosie has clinical experience in acute neurology, neurosurgery, neuro-oncology and palliative care.

In 2023, Rosie commenced her Doctoral Fellowship at the University of Sheffield and Sheffield MND Care and Research Centre. Her research focuses on informal caregiving and health-related quality of life in MND. Additionally, Rosie is interested in the assessment of cognitive and behavioural change in MND and raising awareness of non-motor symptoms.
